

EXERCISE – 2

Question

Execute and display the results for the following commands in Kali Linux Operating System:

1. less command
2. more command
3. vi command

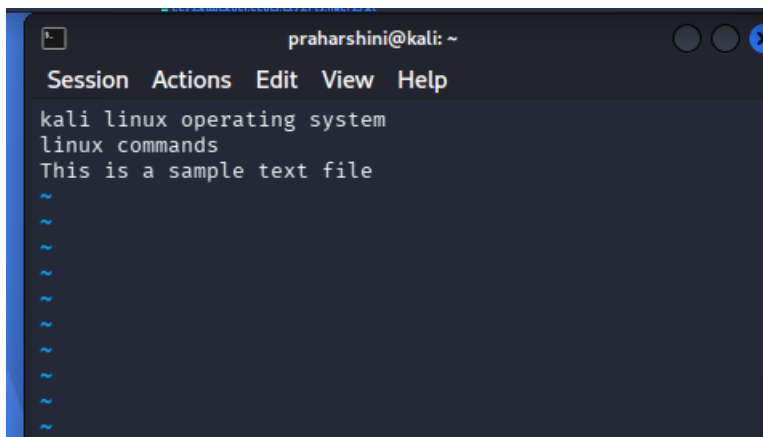

Aim

To execute and display the results of the less, more, and vi commands in Kali Linux.

1. LESS COMMAND

nano sample.txt

less sample.txt

```
praharshini@kali: ~  
Session Actions Edit View Help  
kali linux operating system  
linux commands  
This is a sample text file  
~  
~  
~  
~  
~  
~  
~  
~  
~
```

Output

The contents of sample.txt will be displayed on the terminal.

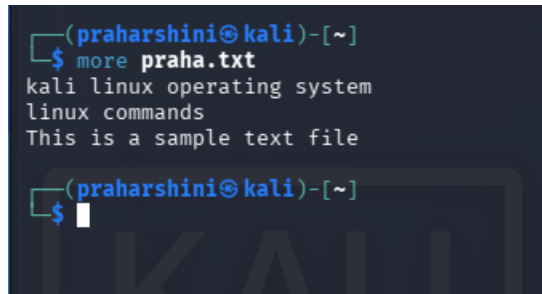

Use

The less command is used to **view the contents of a text file one screen at a time.**

2. MORE COMMAND

Command

more sample.txt

```
(praharshini@kali)-[~]  
$ more praha.txt  
kali linux operating system  
linux commands  
This is a sample text file  
  
(praharshini@kali)-[~]  
$
```

Output

The contents of sample.txt will be displayed one screen at a time.

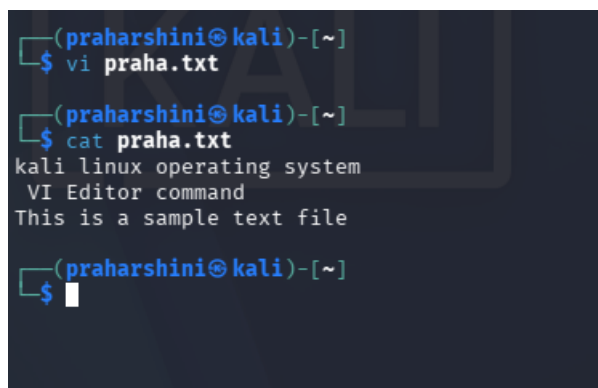

Use

The more command is used to **display the contents of a text file page by page**.

3. VI COMMAND

Command

vi sample.txt

```
(praharshini@kali)-[~]  
$ vi praha.txt  
  
(praharshini@kali)-[~]  
$ cat praha.txt  
kali linux operating system  
VI Editor command  
This is a sample text file  
  
(praharshini@kali)-[~]  
$
```

Output

The sample.txt file will open in the **vi text editor**.

Use

The vi command is used to **open, create, edit, save, and manage text files using the vi editor**.

Result

Thus, the less, more, and vi commands were successfully executed in Kali Linux and their results were displayed.
